

Make Fundraising and Accounting Integration a Reality at your Organization.

What does it mean to have donations deposited into your fundraising solution and simultaneously be seen by your fundraising and accounting teams?

- Improve communication between fundraising and accounting teams,
- Prevent duplicate data entries, and
- Eliminate complicated reconciliations

Join us for a [live webinar](#), **Thursday, October 15th at 2:00 p.m. ET** as we dive into the world of Fundraising and Accounting Integration. We will discuss the 3 types of integration, highlight benefits of direct integration and talk about what it takes to do it well (with proven success stories) and how it helps improve overall management, accountability and transparency:

- “Improved our overall internal control process. We’ve improved our workflow and added checks and balances where we didn’t have them before.”
- “In the first year alone, we saw a 300% increase in online donations because the system was so easy to use,”
