

Employee Self Service

AccuFund Anywhere Online

Improve Employee Access to Their Personal Information

With the browser based AccuFund Employee Self Service module, employees can update personal data or tax preferences and view or print important documents.

Your human resources department controls which items employees can see. You also control the timeframe for accessing time-sensitive documents, such as open enrollment forms for insurance.

For each item, human resources also sets the level of permission an employee has, such as view only, change, and change with approval. Typically, employees can view and change their addresses, phone numbers, and contacts, while they can view and view and print their pay stubs and W-2s.

Employee Self Service Onsite Version

Looking for the onsite version of this module?

[Show Me the Onsite Version](#)

The screenshot displays the AccuFund Employee Self Service interface. At the top, there is a 'Menu' button and a 'Logout' button. The main header area shows 'AccuFund Sample'. Below this, the 'Employee Portal' is visible on the left side, with a list of options: Edit My (Address, Contacts, Phone Numbers, Requests, Taxes and Benefits, Time Sheets), Review (Clockings), and View (My Pay Stubs, My Self Service, News). The 'Phone Numbers' section is currently selected and highlighted. The main content area shows a table with columns: Type, Phone Number, Notes, and Status. There are two entries: a Primary phone number (303) 646-6166 with a note 'This is now my new phone' and a status of 'Change pending', and a Mobile phone number (303) 886-9392 with a note 'New mobile'. Above the table, there are buttons for View, Add, Change, and Delete.

Type	Phone Number	Notes	Status
Primary	(303) 646-6166	This is now my new phone	Change pending
Mobile	(303) 886-9392	New mobile	

Reduce Waste, Save Time, and Free People Up for More Important

Tasks

AccuFund's Employee Self Service module improves employee access to data, while reducing the flow of paper and requests for copies of pay stubs and W-2s.

The module lets employees view the last 18 months of pay checks—either directly in the browser or in PDF format for local printing or saving.

AccuFund SOC2 Certification for Cloud Service Offerings

SOC (System and Organization Controls) certifications offer an AICPA auditor's opinion on the effectiveness of a service organization's controls relevant to security, availability, processing integrity, confidentiality, or privacy. AccuFund has received SOC 1 Type 2 certification for its cloud offerings.
