

Join us in person or online to learn first-hand about the updates, enhancements and new features AccuFund Accounting Suite has to offer you, your staff and your organization!

During the meeting, we will introduce and update all users on version 5.04, including new account reconciliation features, and the new free dashboard. Additionally, we will review year-end processing updates, ACA and 990 reporting.

The preliminary agenda includes:

- Introduce/update on AccuFund 5.04
- New Account Reconciliation functionality
- Training on the new Free dashboard
- Changes in year end process especially W2s
- Update on available documentation
- 10 things you may not have known you could do in AccuFund
- ACA update
- Year-end processing update
- Review of 990 reporting capabilities
- Product update plans for 2016
- General Q&A
